

## Important message

Given the growing concern about the international coronavirus outbreak, we have to announce that it is necessary to cancel the Urotherapy & Urodynamics course 2020.

It is with great regret and after careful consideration that cancellation is unavoidable in order to meet our obligations to protect the health and safety of attendees, partners, and staff.

Furthermore, due to travel restrictions of medical professionals, attendance of both delegates and faculty is affected. We therefore feel that we cannot guarantee the scientific quality of our meeting. We recognize all the hard work that so many have put into preparing for this meeting.

We hope that we can count on your understanding and flexibility in these challenging times. The entire program including accreditation will be moved to next year. All participants and speakers will be invited to re-register. We hope to see you all in good health next year.

Your registration fee will be refunded. We kindly request you to accept the 5 euro transfer costs for your own account.

On behalf of the urotherapy team,  
Kind regards,

Anka Nieuwhof-Leppink  
Coordinator Urotherapy team
